

Prathmesh Sharma

Computer Science Engineer | Problem Solver | Writer

About Me

I aspire to be one of the best problem solvers in the world. I love the act of abstraction be it Mathematics or Data Structures. I believe abstraction is one of the gifts of humankind - an ability to peek into the future and the past - a medium of contemplation and prediction.

I love coding and mathematics. I write stories in my free time that reflect my contemplations.

Education & Achievements

2018-2022

Grade 7-10

Podar International School

Was a good student.

- Best Student in Grade 8 Award
- 2nd in GRADE 10 CBSE BOARD

2022-2024

Grade 10-12

Woodridge High School

Focused on JEE.

- Topper in GRADE 12 CBSE BOARD

2024 - 2028

BTech CSE

IIITH

Undergraduation in Computer Science and Engineering.

- AIR 636 JEE MAINS

Technical Expertise

HTML, CSS, JS

Expert
